PREFACE.

WE present to the Subscribers our Directory of the Town and County of Peterborough, and that of the neighboring townships of other counties, the great majority of the residents of which transact their business in Peterborough, and we feel confident that it will be found an invaluable aid to business men. To bring it up to that standard of completeness which we aimed at, and which we think we have achieved, has required a very large amount of labor, time and attention, and we feel confident that the Directory will receive the warm approval of our patrons. No previous work of the kind ever issued here has been so full and complete in the information furnished. This has been obtained chiefly from official sources, and can therefore be relied on as being correct. The merchant will find it almost invaluable as a reliable reference for his customer's Post Office address, so useful in sending out accounts and advertisements, as well as guiding him in giving credit. Freeholders, or those who own property, are so designated, which will be a criterion, where other information is not obtainable, of an individual's responsibility. It contains much valuable information relating to the settlement and rapid development of the portion of the Province more particularly dealt with, for some of which we are indebted to Poole's History. Thus will be preserved many historical facts to which the lapse of time will only give a greatly enhanced value. The work is, therefore, for these considerations, superior to any previous attempts, and merchants and others who did not originally subscribe should hasten at once to avail themselves of the privilege, as only a limited number have been issued.

THE TOWN OF PETERBOROUGH.

IN the year 1818 a reserve was made in the Township of North Monaghan, which was then but sparsely settled, for a town, but it was not until the year 1825 that the town plot was laid out by actual survey by Mr. Richard Birdsall, Land Surveyor, under the direction of the Honorable Zaccheus Burnham, to whom the Government had assigned the work of laying out in proper lots the lands in this and surrounding counties.

It is rather difficult to say at this late day what advantages the site offered and what prospects there were of the place ever becoming one of any importance; indeed, we understand that some of the first arrivals here scouted the idea, but some of the more sanguine prophesied a great future for the place, and nobly stood by the site, and did every thing in their power to promote its interests, and before they left this world of sin and sorrow they had the proud satisfaction of seeing their prognostications fulfilled, and one of the leading towns of the Dominion standing where was nothing then but a forest and swamp.

About the year 1819 a number of gentlemen from Cobourg and other places on the front rowed up the Otonabee in a skiff, for the purpose of selecting a proper place for the erection of a grist-mill. It must be understood that settlers were at that time pouring into this country in large numbers, and in consequence of having to go to Port Hope, Cobourg and other places to obtain flour, carrying down the wheat, in many cases on their backs, and bringing back the flour in the same way, often waiting for two or three days to have their wheat ground, so that a mill in this neighborhood was looked on as a necessity. The gentlemen who visited here with that object in view were Messrs. Adam Scott, Barnabas Bletcher, John Edmison, Charles Fothergill, Thomas Ward and John Farrelly. Considerable prospecting was done, and it was ascertained that by making an insignificant outlay a fine mill site could be obtained near the corner of Water and King streets where Denne's grist mill stands to-day, and where a similar building has been almost since the first structure was erected.

Mr. Adam Scott a few years afterwards erected a grist and saw mill, both under one roof at this place, and in honor of him the embryo village was named Scott's Plains.

At that time all the houses, which were principally erected of slabs, were south of Charlotte street, a very level place, and thus the soubriquet of the "Plains" was chosen. For some year the place continued to grow, not spreading northward at all, as the land in what is now the heart of the business portion of the town was not regarded as being worth anything at all, or the next thing to it, on account of its swampy nature. In this connection a story is told that a half acre on which perhaps the finest block in town now stands was sold about this time for half a gallon of whiskey,—and those were the days when whiskey was cheap, before the time that the Revenue Officer had penetrated this region, and pried into the number of gallons manufactured, and demanded money for each gallon.

In 1827 the name of the settlement was changed to Peterborough in honor of the Honorable Peter Robinson, who had been identified with the bringing out of numerous parties of immigrants and settling them in the village and neighboring townships. At this time immigration sheds or houses were erected here; they were built wholly of logs, with square gables and shingled roofs. They were five in number, and occupied the site of our present market house.

The first store was opened in 1825 by a Mr. Stewart, but, owing to the rather loose manner in which he conducted his business, giving credit to every person that came along, whether strangers or not, often neglecting to obtain even the names of his customers, but designating them by their personal appearance he was soon forced to retire from mercantile life, a sadder, and, let us hope, a wiser man. His successor was Mr. George Grey Bethune of Cobourg, who largely increased the old stock, and, associating in business with him Messrs Green, McDonald, and Valentine Tupper, he did a large share of the business. The first hotel was started by John Boates on the south side of the market square.

A post office had already been established, with Mr. Tupper as postmaster, but who was shortly afterwards succeeded by Mr. Bethune.

The town was rapidly growing then in importance and population, which it has steadily continued to do ever since, until to-day, Peterborough is the leading town in the Province, if not the Dominion; and at the present rate of progress the day is not far distant when it will be numbered among the cities of Canada.

CAMBRIDGE STREET,

Peterborough.

Lindsay.

As regards the wealth and energy of its merchants and manufacturers, industry of its inhabitants, prosperity of its citizens in general, or the cost and beauty of its public buildings and many palatial private residences, we already surpass many of the newer cities, and the glory of the older places is considerably dimmed.

The site of the town is on what is generally termed level ground, but on three sides are hills, which afford splendid vantage ground for obtaining views and admirable sites for public buildings and dwelling houses. The Otonabee River, which is the eastern boundary of the town, and divides it from the flourishing suburb of Ashburnham, affords unlimited water power, a fact which manufacturers are at last commencing to realize; and this fact, combined with excellent shipping facilities to all the principal markets of the world, is rapidly bringing Peterborough into prominence as a manufacturing centre, and, in consequence, factories are springing up on all sides, and we feel confident that in the course of a few more years this will be one of the greatest centres of industry in Canada. On the other side of the town there is also a creek, which runs almost from one boundary to the other, and on this are situated many factories, but there is plenty of room for more. The streets are nearly all laid out at right angles, a great advantage; they are wide and capacious, and are kept in a manner not surpassed in any place of the same size. There are over forty-three miles of sidewalks on all the principal streets. The town is lighted with gas and possesses a first-class system of water-works, which before many years we hope to see extended so as to cover the entire town.

In 1872 the population of the town was 4717, and in 1882 it was 7010, making the largest increase per cent. of any place given in the census returns. The population of Ashburnham is about 1400, and that of Peterborough, for 1883, 7832, making the population of the two places, for commercial purposes, practically 9232.

From the assessment roll of the town for 1883 we cull the following figures, giving a comparison with those for 1882. In all the important items an increase is shown, as has been the case for some years, but 1883 outstrips them all, and more solid progress has taken place here than in any town in the province. Our population has increased 822, but the total, 7832, does not by any means represent all the persons at present residing within the corporation, as many over school age and under 21 years have of necessity been left off the roll, while a transient population of over 1000 have not been taken at all, as would have been the case had the census enumerators gone around. The following figures will be found of interest, and may be relied on as being correct in every particular:

	<u>1882.</u>	<u>1883.</u>
Number of ratepayers.....	1873	2032
Number of non-residents.....	42	29
Children over 5 and under 16.....	1768	1864
Children over 16 and under 21.....	657	641
Children over 7 and under 13.....	1000	1010
Number of acres resident.....	1243	1270
Number of acres non-resident.....	39	12
Value of resident lands.....	\$2,215,575	\$2,469,300
Value of non-resident lands.....	\$24,500	\$9,625
Value of resident and non-resident lands.....	\$2,240,075	\$2,478,925
Personal property, other than income...	\$218,700	\$221,750
Income.....	\$183,090	\$206,400
Personal property.....	\$401,790	\$428,150
Total assessment.....	\$2,617,365	\$2,897,450
Statute labor from 21 to 60 years.....	159	216
Dogs.....	347	363
Cattle.....	348	344
Hogs.....	146	159
Horses.....	348	379
Total population.....	7010	7832

As regards newspapers the town is well supplied, there being no less than five published here—one daily, three weekly and one bi-monthly. The *Times* is published every Wednesday morning by the Times Printing Company. In politics it is Independent, but its popularity among all classes is so great that it now enjoys a large and rapidly increasing circulation. The *Daily Evening Review* is published every lawful evening by Messrs. Toker & Co. In politics it is Conservative. It is a well-conducted and very neatly printed sheet. The *Weekly Review* (Friday) is also published by the same firm. The *Examiner* is a large eight-page paper, supporting the Reformers. It is a good paper, and is published on Thursdays by Mr. J. R. Stratton. The *Canada Lumberman*, issued by Messrs. Toker & Co., on the 1st and 15th of each month, is, as its name indicates, a journal devoted to the lumber and timber interests. It has a wide circulation.

This being the County Town the usual county buildings are situated here. The court house was completed in 1841, the foundation stone being laid in 1838 by Major-General Sir George Arthur, K.C.B., at that time Lieutenant-Governor of Upper Canada. The cost was about \$30,000. In 1865 a new gaol was also built, at a cost of \$17,000; and in 1872 a new registry office was erected at a cost of over \$12,000. Altogether the original cost and improvements have cost the county upwards of \$90,000.

In 1866, during the time of the Fenian raid excitement, Peterborough equipped and sent to the front one of the best battalions ever turned out in Canada. Although application was made at an early day for a number, by some bungling it was overlooked, and the Peterborough battalion was numbered 57—although if the accident had not occurred our number would have been somewhere about 10th. The present designation is the “57th Battalion Peterborough Rangers.” A splendid and commodious drill-shed was erected here in 1867 by the Dominion Government, and it has proved a great convenience. This is also the head-quarters of a splendid cavalry troop, under command of Lieut-Col. H. C. Rogers. Lieut. Sanderson also drills a detachment of the Durham Field Battery, and in all probability a new battery, with its head-quarters here, will soon be established.

As regards educational facilities Peterborough stands second to none. Our school buildings, numbering four, cost upwards of \$40,000, and are admirably suited for the purpose for which they are used. The Collegiate Institute stands at the head of similar institutions in the Province, and its scholars have won more honors at the various Universities, and taken higher positions in the battle of life, since it was established than those of any other that we know of. The Roman Catholic separate schools are two in number, the Murray Street building being one of the finest structures for its purpose in the country. None but first-class teachers are employed in any of the schools, a fact which goes a long way towards giving them a standing.

Our banking interests are well looked after by the agents of the Banks of Montreal, Toronto, Ontario, Commerce, and Mr. Thomas Menzies, who conducts a large banking and broking business.

The future welfare of the people is well looked after, and churches of all the leading denominations open their doors to all those desirous of entering. St. John's Episcopal Church occupies a splendid site, almost in the centre of the town. It is of stone, and was erected in 1835, and cost over \$13,000. Last year it was completely restored at a cost of about \$15,000, and is now undoubtedly the handsomest church in town. A fine brick chapel and Sunday-school was also erected a few years ago. St. Peter's Roman Catholic Cathedral is also of stone, and situated on rising ground in the western portion of the town. It cost upwards of \$13,000. Last year His Holiness set apart the Diocese of Peterborough, and made this town the See, since when His Lordship Bishop Jamot has resided here. In order to keep up the necessary dignity, and provide accommodation for the rapidly increasing congregation, a new cathedral and bishop's palace is to be erected, at an estimated cost of \$75,000. The Presbyterian Church of Canada is represented by St. Andrew's and St. Paul's.

The latter is a fine brick building, and cost over \$20,000. It is too small, and is about to be remodelled at a cost of \$20,000. There are also two Methodist churches, situated on George and Charlotte streets respectively. The former is the finest building in town, built after the style of the Metropolitan in Toronto, and cost some \$60,000,—the basement alone of the finest cut stone, costing \$20,000. The Charlotte Street Church, while not so pretentious, is a good building, and has been recently enlarged. The Aylmer Street Baptist has also been enlarged within the last few years, and the Bible Christians worship in a fine brick structure on Murray street, erected in 1874.

Our enterprising citizen, Mr. Thomas Bradburn, erected in 1875 a fine four-storey building on George street, close to the Market Square, the upper flat of which is used as an Opera House. A large amount of money has been expended on the interior fittings, scenery, etc., and very few places of our size can boast of such a well-appointed amusement hall. Underneath are four stores, two on each side of the arcade. Upstairs is the Council Chamber, Clerk and Treasurer's office, Collector's office, police station, etc. On the tower has been placed a splendid town clock that can be seen from almost any portion of the town and Ashburnham.

As regards hotels Peterborough is well supplied, and the wants of travellers and visitors looked after by the landlords of the twenty licensed houses. Two of these, the Oriental and Caisse House, have a reputation that extends beyond our own Dominion.

The Fire Brigade band is regarded as one of the leading musical organizations of the Dominion, and the band master Mr. Finch Miller, who has brought the players up to their high standard of excellence, is a teacher who has few superiors. The band possesses an enviable record: first they won first prize at a Central Exhibition here; then as an amateur band they competed at the Industrial Exhibition at Toronto four years ago, playing against no less than eighteen of the principal bands of the Province, but, notwithstanding that, they succeeded in carrying off the first prize and diploma, entitling them to the name of the "Champion Amateur Band of the Dominion." Growing tired of amateurism they entered the professional arena, and two years ago at Ingersoll they competed against the leading military bands of the Dominion, and succeeded in winning third prize, the 13th of Hamilton and the 7th of London being each a few points ahead, while such well-known bands as the 26th of London fell far behind.

For many years Peterborough suffered badly for want of railway facilities, but, thanks to our energetic townsman, Mr. George A. Cox, President of the Midland Railway, our condition in that respect has been greatly altered since he assumed control; and since the amalgamation of the Midland, Grand Junction, Whitby, Port

Perry & Lindsay, Toronto & Nipissing, and Victoria Railways, it has been better still. The head offices of the consolidated roads are situated here, and before long we expect to see the workshops and carshops here also, as this town affords unusual inducements for the erection of such. At present, by the Grand Junction, Belleville and all points east are easily reached, while, by the amalgamated lines west and north, Toronto and all intermediate points are brought within easy travelling distance. Of course the provincial capital is the great point for which travellers strike; and to enable them to reach there more easily, and at the same time to greatly facilitate the transport of heavy goods, a branch from Peterborough to Omemee, a distance of fourteen miles, aptly named the "Missing Link," is now in course of construction, and it is fully expected that trains will be running over it by the month of August. At present the Grand Junction trains leaving or coming into the town have to do so by backing up or down, but a spur line from about Townsend street to the Locks, where a fine bridge is to be erected, and thence to the main line, will considerably shorten the distance and allow the trains to run properly.

When Mr. Geo. A. Cox assumed the management of the Midland it was one of the worst lines in Canada, as regards track, bridges, rolling stock, and dividend-paying powers, but, owing to his executive management, all this has been changed, and the Midland now ranks as one of the leading American roads. The road-bed is in first-class order, steel rails have replaced iron, new bridges have been constructed, the cars are as comfortable as any in Canada, and, to cap all, the earnings of the road are increasing monthly, in a manner altogether unprecedented in the annals of Canadian lines. The officials, one and all, are thoroughly up in their business, attentive to the wants of their customers, and urbane in manner, which things have contributed more than a little to the phenomenal success of the road.

The Midland now extends from Belleville to the Georgian Bay, and has four excellent harbors to ship from, Toronto, Whitby, Port Hope and Belleville. The harbor at Midland is one of the best known, and could easily shelter all the shipping on the lakes. At Midland a magnificent elevator has been erected, and, with the large one at Port Hope, this road possesses facilities for handling grain that are possessed but by few. During the last two years an extensive business has been done with Chicago; and this season, with a line of fine steamers plying between the two places, a largely increased business is sure to follow.

A through line from Toronto to Ottawa has been talked of for years, and two or three companies were organized to carry it out, but it was not until last year that anything tangible was done. Then the Ontario and Quebec Railway Company, backed by the

Canadian Pacific Company, was organized, and work commenced at once. Already a large portion of the line is graded, and regular trains, it is expected, will be running before the end of the present year. It passes through the southern portion of the town, just north of that pest hole, Spaulding's Bay, and crosses the river by an iron bridge, now in course of erection. With the completion of this line, it is fully expected that great benefits will accrue to our town, being placed, as we will be then, on a road from the Provincial to the Dominion capital, and the only important station between the two. In all probability workshops will be established here, and, as an inducement towards that end, the town has leased a plot of land to the Company for a term of years at a nominal rental. Manufacturers, also, being able to reach all the principal markets from this point, north, south, east and west, will not be slow to avail themselves of our magnificent water power, and factories of all kinds will line the river banks from here north. It may be said that we are enthusiastic, but knowing, as we do, our rapidly increasing importance, our position in the centre of a grand agricultural country, and our inexhaustible water power, we have great hopes in the future of Peterborough, and expect to see in the course of a very few years our town one of the largest cities in the Dominion.

As a summer resort we offer to the tourist opportunities for recreation and sport unexcelled by any place. The Otonabee River, which flows through the town to Rice Lake, abounds with fish of all kinds, and in the fall of the year ducks frequent Rice Lake in myriads, affording rare sport. Our enterprising citizen, Mr. Henry Calcutt, has built two steamers, the *Golden-Eye* and *King Fisher*, which run up and down every day, landing excursionists at any point they may desire, and calling for them again. He has also established two fine summer resorts, Idyl Wild and Otonabee Park. Our citizens have not been slow to see the benefits derived from such delightful trips, and, as a consequence, his boats are largely patronized. Again the lakes to the north, with their thousands of islands, are the paradise of those who desire to camp out, and during the entire season myriads of white tents dot the shores and islands of the almost innumerable large and small lakes. The fishing is the best to be had anywhere, and in the fall hunters by the hundred enjoy the exciting sport of chasing the "antlered monarchs of the forest," which here abound. So much is the locality appreciated that the annual meeting of the American Canoe Association, embracing in its membership all the leading canoeists on the continent, will be held on Stoney Lake this year.

Lakefield is only nine miles from Peterborough, and is reached by the Midland Railway, and from that point steamers ply, and land visitors on any island they may select.

R. MOWRY,

Manufacturer of

THE CHAMPION THRESHING MACHINE, AGRICULTURAL IMPLEMENTS, &c.

Our Improved Horse Powers and Separators are acknowledged by all who use them to be superior to any now offered to the Public.

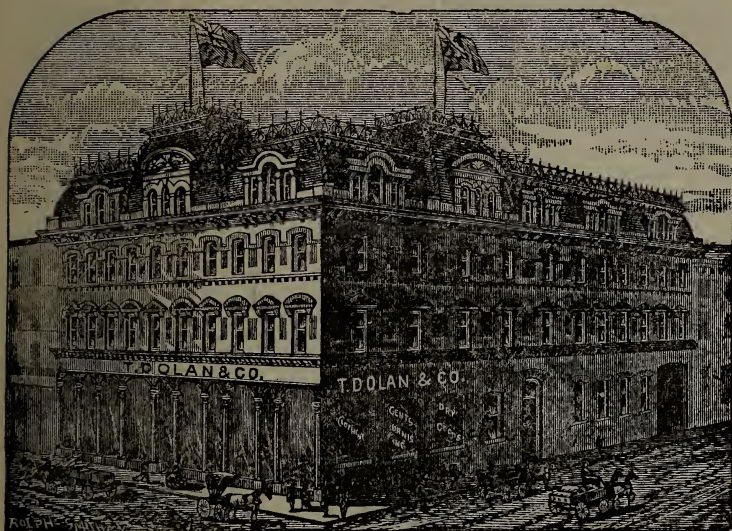

The Champion took the First Prize at the Peterborough Central Exhibition, 1875, against all Competitors, among them Machines from the leading manufacturers of the Province.

All Orders Promptly and Satisfactorily Attended to on Short Notice. Remember the Place—near the Iron Bridge, Ashburnham.

THE
Metropolitan Grocery
 — AND —

— **PROVISION WAREHOUSE** —

Keep constantly in Stock as Good and Large an Assortment of

CHOICE TEAS

— AND —

GENERAL GROCERIES

as can be found in any House in any of the Cities.

THE VERY BEST NEW SEASON TEAS AT ALL TIMES.

Parties buying Large Quantities of Tea, Sugar, Coffee, or other Groceries will do well to call and examine the Stock. Being very Large Buyers and Direct Importers we are enabled to Buy Close, and give the Public the benefit of the saving. We import

CHINA & CROCKERY

direct from the manufactories, so that we can sell

AS CHEAP AS ANY HOUSE IN THE DOMINION.

Also on hand constantly,

**FINE SALT, COARSE and FINE LIVERPOOL SALT,
 WATER LIME, PORTLAND CEMENT,
 PLASTER PARIS and LAND
 PLASTER.**

SIMCOE STREET, PETERBOROUGH,

THE COUNTY OF PETERBOROUGH,

PRIOR to the year 1818 that portion of the country lying north of Rice Lake now comprised within the counties of Peterborough and Victoria was unknown to civilized settlement—the hunting ground of the Aborigines of the country. In that year a number of English families from the county of Cumberland took advantage of the survey then being made of the Township of Smith, and settled upon the communication road. What were the privations of those sturdy pioneers of settlement who, unused to their new mode of life, had ventured thus far back to conquer the forest and carve out for themselves a competency amid the unsettled and uncivilized regions of this county, may be easily imagined. Separated from intercourse from the world abroad by an almost impassable barrier of dense forest, deprived of the ordinary appliances of civilized life, without a mill to reduce their grain to flour, with nothing but their axe and a sturdy spirit of indomitable perseverance to depend upon, they settled in this new land, and, trusting in God and upon their own energies, determined to overcome the host of difficulties that stared them in the face. As a substitute for a mill, it is said they cut a hole in the top of a large pine stump as a mortar, and, using for a pestle a heavy piece of wood attached to a lever like those still sometimes seen at farm wells, pounded the grain, while others were content with simply boiling the wheat with milk.

In 1822 Scott's mill—a combination of a saw mill, grist mill and distillery—was erected. It was but a poor affair, but was a decided step forward, and a welcome change from the pestle and mortar.

In 1825 the Robinson emigrants settled here, principally in the townships of Douro, Smith, Otonabee, Asphodel, Ennismore, Emily and Ops. This party numbered five hundred persons, and was conducted under the auspices of the British Government. The expenses attending it amounted to £21 5s 4d per head. Each head of a family was located upon one hundred acres of land. He had a small log-house built for him, and was furnished with fifteen months' provisions. In addition to these he received 1 cow, 1 American axe, 1 auger, 1 hand-saw, 1 pick-axe, 1 spade, 2 gimlets, 100 nails, 1 hammer, 1 iron wedge, 3 hoes, 1 kettle, 1 frying-pan, 1 iron pot, 5 bushels seed potatoes, 8 quarts of Indian corn, and, if they were very poor, blankets in the proportion of one to each grown person and one among every three children. Altogether Mr. Robinson actually located in this district, 1878 persons—621 men, 512 women, and 745 children.

The result of the first year's labor of these settlers, as given in a parliamentary return, is that the value of produce raised by them was £12,524 19s 0d Halifax currency. A fact which dispenses the assertion that the early settlers were improvident and careless.

In the year 1826 His Excellency Sir Peregrine Maitland, then Governor of the Province of Upper Canada, who had taken a deep interest in the immigrations of 1823 and 1825, visited the new settlements in this district. Two addresses were read, one from the Smith settlers, hinting that a grist mill in that Township would be a great boon to the settlers. This hint was acted upon, and immediately afterwards Martyn's, now Hall's, mill was erected by the Government. This was greatly appreciated, as testified, by the addresses to the Earl of Bathurst, then Colonial Secretary, in the following year.

In 1838 a pamphlet speaks of the rising county, and says it had two grist mills, seven sawmills, five distilleries, two breweries and two tanneries within its confines.

In 1833 the project of connecting Lake Simcoe and Lake Ontario by a canal was first broached, and an engineer appointed to make the necessary survey. The estimated cost was £495,515. This was for a canal the entire way, but, by a system of railways over certain portions of the route, he afterwards reduced his estimates to £195,565, 6s 6d. Some £90,000 was spent, but the project was subsequently dropped. As all of our readers are aware the route is almost identical with that of our Trent Valley Canal, now in course of construction, and which we fully expect to see completed before the expiration of many years.

In 1839 the Townships adjacent to Peterborough had attained to sufficient importance to be set apart as a separate district, a provisional council was established, and a court house and gaol erected under its auspices. In 1841 the new district was declared under the name of the Colborne District. A new council was elected, and assembled for the first time in the Town of Peterborough in 1841. The council was composed as follows—:

GEO. A. HILL, *Warden.*

Monaghan.....	Thos. Harper.
Smith.....	Stephen Nicholls.
Douro.....	S. D. Gibbs.
Otonabee.....	{ Thos. Carr.
Asphodel.....	{ Jas. Doris.
	R. Birdsall.
Emily.....	{ J. L. Hughes.
	{ Wm. Cottingham.
Ops.....	F. Kelly.

Fenelon.....	John Langton.
Verulam & Harvey.....	Thos. Need.
Ennismore.. ..	D. Costello.
Mariposa.....	S. Davidson,
Eldon.....	Alex. Campbell.
Dummer.....	Alex. Kidd.

JOHN DARCAS, *Clerk.*

Under this management the county steadily progressed.

In 1852 a railway craze took possession of the people around us, and fully a dozen roads were chartered to pass through this county. Most of them fell to the ground, but in 1854 the Cobourg people built their line to Peterborough. In 1853 the Midland line was built, in 1880 the Grand Junction, in 1883 the "Missing Link" from Omemee to Peterborough was finished and the present year will also in every probability witness the completion of the Ontario and Quebec Railway, traversing our county from West to East.

In 1863 the counties of Peterborough and Victoria were separated.

From that time forth the progress has been rapid, and now we stand among the premier counties of the Province.

MUNICIPAL OFFICERS FOR THE COUNTY OF PETERBOROUGH, FOR THE YEAR 1883.

TOWNSHIP OF OTONABEE.

Although not surveyed until 1819 this Township had long before that time quite a number of settlers, a trading-post for the exchange of furs, etc., having been established and kept for many years by an intelligent Indian. The location of the rude house that served as a store for this pioneer was a point of land just below the site of the present Indian Village of Hiawatha. At that time Rice Lake had to be crossed in canoes to gain access to the Township, and many drowning accidents occurred. In 1825 Peter Robinson brought fifty families to the Township, and located them. In the same year a grist mill was erected at Keene, and in the winter of 1829 the first store was opened in the same place. Rubidge's Road, from Bannister's Point on Rice Lake to Peterborough, was one of the first improvements of a public character. The first schoolhouse stood on the East half of lot 20, Concession 4. This Township is one of the most populous and wealthy in the county.

The Village of Keene is the place of meeting for the Council, etc., and quite a business is done with the surrounding country. It is a station on the Grand Junction Division of the Midland Railway.

TOWNSHIP OF OTONABEE.

POLLING SUB-DIVISION NO. 1.

Comprising that part of 1st, 2nd, 3rd, 4th and 5th Concessions, South of Lot 22.

TOWNSHIP OF SMITH.

Smith was settled in 1818 by a number of emigrants from Cumberland, England. The Government erected a mill for the convenience of the early settlers in 1827, but prior to that year one had been erected by Mr. Bromwell. The roads are unusually fine, and cost a mint of money. This Township has the merit of being not only the earliest settled, but also one of the most thriving and prosperous in the county. A cheese factory was established in 1866, and was such a success that numerous others are now in successful operation, and the number of pounds shipped annually is now very large.

The Village of Bridgenorth is situated on the shores of Chemung Lake, about six miles from Peterborough. It contains several steam mills, stores and hotels. The lake here is crossed by a floating bridge about one mile long, which makes the distance to Ennismore considerably shorter. It is a great fishing-place, and many picnic and camping parties make the neighborhood their headquarters. Steamboats run every day from here to Bobcaygeon and Lindsay.

POLLING SUB-DIVISION NO. 1.

Comprising all Lots and parts of Lots in the First, Second and Third Concessions, and all Lots and parts of Lots East and West of the Communication Road, and South of Lot No. six.

Bridgenorth Hotel.

LOUIS E. ROBERT,

Proprietor.

This Hotel, which is pleasantly situated at Chemong Lake (Bridgenorth), six miles from Peterborough, has been thoroughly refitted and refurnished, and has every accommodation. The Bar is stocked with the very best wines, ales and liquors, and the finest brands of cigars. Good sheds, stabling and hostler. Everything first-class and charges moderate.

TOWNSHIP OF DUMMER.

This Township was first surveyed in 1823, but no attempt appears to have been made to settle it until 1831. In the summer of that year a large number of emigrants arrived in Canada, many of them being sent out by the Marquis of Bath. Of these a large number were located in Dummer, thus forming the nucleus of the settlers of the Township. In 1834 or 1835 a saw and grist mill was erected, where the Village of Warsaw now stands. In the following year the first schoolhouse was erected, and in 1855 a Town Hall was built, and is still used as such.

Warsaw is the principal village, and has grist and saw mills, stores, hotels, etc.

POLLING SUB-DIVISION No. 1.

TOWNSHIP OF ASPHODEL.

The Township of Asphodel was first surveyed in 1820, but, owing to the want of roads and the great distance from any market, but very little progress was made for the first five years. The first mill was erected at Norwood by Mr. Jos. Keeler of Colborne, and from that time forth the progress of the Township was very fair. In 1826 a bridge was erected across the Trent, connecting Asphodel and Percy, thus giving the settlers an outlet. In the following spring the high water and ice carried it away, and a new one was erected by the Government at a cost of over \$5,000, the county contributing its share.

In 1833 N. H. Baird made an estimate of the amount required to make the Trent navigable from the Bay of Quinte to Rice Lake, a portion of the Trent Valley Canal now being constructed. In 1835 Hastings had but one house, and the whole Township had made but poor progress. In 1837 Norwood had its first store, and in 1842 its first hotel. The same village also had the first school-house erected in the townships. In 1864 Mr. F. E. Hayter started the Hastings *Messenger*, but the venture was a failure.

This Township is now one of the most prosperous and wealthy in the county, and is in a very prosperous condition.

It has no less than two large villages, Norwood and Hastings, among the most important in the county, and are rapidly rising in importance. There is also another village, Westwood, where quite a business is done. The Grand Junction Division of the Midland Railway passes through Hastings, and the Ontario & Quebec Railway through Norwood and Westwood.

Norwood is the municipal headquarters, Hastings being connected with the County of Northumberland for municipal and judicial purposes.

TOWNSHIP OF DOURO.

This Township was surveyed in 1823, but already quite a number of settlers had taken up land. The pioneers of this Township were of an unusually sturdy class, and had to endure almost unheard of privations, but thanks to their perseverance they can now boast of having one of the leading townships in this section of the country.

Among the first settlers were the Hon. Thomas Alexander Stewart and Robert Reid, who afterwards became wealthy and rose to high positions. Mr. Stewart was elevated to a seat in the Legislative Council of Canada, a position he filled with great credit to himself until his decease in 1847.

The two gentlemen referred to on leaving Ireland were furnished with letters to the Governor of this Province, and by him they were assigned land in the then wilderness of Douro. Mr.

Stewart was granted 1,200 and Mr. Reid 2000 acres. They also received permission to hold the entire Township for a period of five years, in order to promote its settlement by their friends, a right which they relinquished at the request of the Hon. Peter Robinson, when he brought out a large number of emigrants in 1825.

In 1831 Colonel Samuel Strickland and some others removed from the neighborhood of Peterborough and settled in what is now Lakefield, thus being the first settlers in that village.

WARD NO. 1.

Comprising all Lots north of Lot 13, in the 1st, 2nd, 3rd, 4th, 5th, 6th and 7th Concessions.

TOWNSHIP OF NORTH MONAGHAN.

North Monaghan was laid out in 1818, and settlers found their way in in the following year. From its proximity to the town the Township has, at all seasons an excellent market. A fine gravel road constructed by a company, but now freed from toll, traverses the Township, and has greatly benefitted the settlers.

Until the Town of Peterborough was incorporated in 1850 it formed a portion of this Township, and having extended its boundaries from time to time, Monaghan and Smith have been on several occasion depleted of very desirable portions of their territory.

Its close proximity to the Town accounts in a great measure for the paucity of villages, churches, etc., within its confines. The Village of Springville is the only one within its boundaries, and it is situated on the line between Durham and Peterborough.

This Township used its first large instalment of Clergy Reserve money, after first being invested in loans, by dividing it up among the various wards for the improvement of roads, and the remainder was applied to the erection of schoolhouses, in both cases greatly to the advantage of the residents of the township.

Among the first settlers were Messrs. Wm. Fowler, Robert Morrison, John Tully, Richard Alexander, John Foster, Matthew Wilson, John Birney and Thomas Spiers.

 POLLING SUB-DIVISION No. 1.

Comprising Concessions Nos. 10 and 11, East of Township Lot No. 10, Concession 12, East of the Quarter Line, and the 13th Concession.

TOWNSHIP OF ENNISMORE.

Like several of the other townships, this was first settled by the emigrants who came out in 1825. The Township is the smallest in the county, but the land is very rich. The early settlers found Chemong or Mud Lake, which runs along the front of the Township, a very serious obstacle, but that was soon overcome. Sir Peregrine Maitland visited the place in 1826, and was right royally welcomed. For the first ten years the population rather decreased, but these days are now past, and everybody is prosperous.

TOWNSHIPS OF GALWAY AND CAVENDISH.

The Township of Galway lies next to Harvey, and the Bobcaygeon Road runs along its western boundary. In 1859 a large number of settlers flocked in, and in the following year the first store was opened, followed soon after by a Post Office. The opening of the Bobcaygeon Road, had a very beneficial effect on the Township. Iron ore in considerable quantities has been discovered, and American capitalists are now developing the mines.

UNITED TOWNSHIPS OF BELMONT AND METHUEN.

In 1853 Belmont was first surveyed, but no person settled there for several years afterwards. Mr. Robert Stewart, "The King of Belmont," obtained the first patent for land. For many years the shocking state of the roads retarded settlement, but since the municipal organization was perfected immense amounts of money have been expended, and the roads are now in a first-class condition.

Although there are many wealthy farmers in the Township, its chief wealth undoubtedly lies in its almost inexhaustible store of minerals, particularly in the northern portion of the Township. Iron ore has been found in heavy deposits in many places, and a fine quarry of pure white marble is now being worked with success. For many years the great drawback has been

the want of means of transportation to and from the mines, but the construction of the Ontario and Quebec Railway will solve the problem, and soon many blast furnaces will be in operation, and immense quantities of iron will be shipped.

Methuen was surveyed in 1833, but for thirty years it did not attract any settlers, but within the last ten years many steady farmers have settled there, and its future as a township is now assured.

POLLING SUB-DIVISION NO. I.

Comprising Concessions 7, 8, 9, 10, 11 and 12 from Lot No. 1 to Lot No. 14.

UNITED TOWNSHIPS OF BURLEIGH, ANSTRUTHER AND CHANDOS.

The Township of Burleigh was first surveyed in 1864-5 by Mr. J. W. Fitzgerald, after having been laid out as early as 1834. The celebrated "Burleigh Rocks" were the great barrier to settlement, but the construction of a good road, passing over them by easy grades, soon attracted settlers from the older portions of the county as well as many new arrivals, the great inducement being the free grants and cheap lands.

In 1863 the first saw mill was built, followed in 1864, and again in 1866, by post offices, while in 1866 two schools were constructed.

Burleigh was for a number of years attached to Dummer, but was separated in 1865.

Anstruther lies immediately in the rear of Burleigh. The Township was surveyed in 1859, and the first post office and church were opened in 1862. The Colonization Road passes, through this Township.

Chandos appears to have made the most rapid progress of all the rear Townships. It was first settled in 1862.

The three Townships named are still united for municipal purposes. They are rich in mineral deposits, which are now being opened up.

POLLING SUB-DIVISION NO. I.

Consisting of the Southern Division of Burleigh.

VILLAGE OF ASHBURNHAM.

The history of the Village of Ashburnham, or Peterborough East, is practically the same as that of Peterborough. In 1858 it was incorporated as a Village. The River Otonabee divides it from the Town, and probably in the course of a few years it will form a ward of the city of Peterborough. The village is pleasantly situated on rising ground, and is rapidly growing. It is connected with the town by several bridges, the principal one being of iron.

The population of the Village is about 2300, and the total assessment about \$500,000.

The Village boasts of a grist mill, new process, Estate G. C. Rogers; sawmill, J. Z. Rogers; foundry, R. Mowry; a brewery, H. Calcutt; planing mill, W. J. Rombough; and a tannery, carding mill, furniture factory and other industrial establishments.

There are two churches, an Episcopal and a Bible Christian.

The Village also boasts of a fine public school and a town hall.

There are also some very handsome private residences, namely, those of Messrs. H. C. Burritt, J. J. Lundy, J. Ludgate, H. T. Strickland and John Burnham, M.P.

POLLING SUB-DIVISION NO. 1.

Comprising all that portion of said Village south of Elizabeth Street, and south of the line between Lots number Twenty-nine and Thirty in the Twelfth Concession of Otonabee.

VILLAGE OF LAKEFIELD.

Lakefield is one of the most important villages in the County. It is situated on either side of the Otonabee River, at the mouth of Lake Katchewanook. The population, which has been steadily increasing, is now about 1200. The village contains good churches and schools, and, as regards buildings, it compares favorably with places of more pretensions.

The principal business carried on is the sawing of lumber, which is shipped over the Midland Railway. Several small steamers ply from the village, running up through the back lakes the great resort of tourists, pleasure seekers, fishermen and hunters.

The Messrs. Strickland own and control the best water power, and offer liberal inducements to manufacturers who desire to locate there.

They are the owners of a very large saw mill, which has been established for many years, and is doing a thriving business. It has circular saws, stock, gang, slabber, lath and shingle machines, and employs over forty men. It has a capacity of 75,000 feet of lumber per day, besides shingles and lath, every eleven hours.

The Messrs. Strickland are among the heaviest lumbermen in this district, and own some of the finest timber limits in Canada. Last winter they had eight shanties, employing over 250 men, and in addition to a large number of logs they took out 300,000 cubic feet of square timber.

Their magnificent water power, not surpassed anywhere, has recently been greatly extended by raceways, which places them in a position to offer to those desirous of establishing factories, facilities hard to obtain elsewhere. They have realized the fact that a high price means prohibition, and therefore they offer sites and power on the most liberal terms.

Lakefield being the terminus of the Midland Railway and the base of that portion of the Trent Valley Canal, now under construction, is a point well suited for manufacturers, and it is expected that in a very few more years factories of all kinds will be heard humming.

VILLAGE OF NORWOOD.

Norwood is a rapidly growing incorporated village in the Township of Asphodel. Joseph A. Keeler was the first settler, on or about the years 1827 to 1828. Mr. James Foley was appointed post master in 1844, but in 1839 to 1840 he had already established a general store.

Norwood boasts of Masonic, Orange and Good Templars Lodges and of a Volunteer Company, No. 6 of the 57th Battalion. It has five good substantial churches, owned by the leading religious denominations, a commodious brick Town Hall and Grammar School and a drill shed.

It has a Hub and Spoke factory, one of the largest in the Province, a foundry, a grist mill, a woollen mill, two tanneries and a number of minor factories. The shops are all of a superior class, and the hotels reflect great credit on the Village.

The growth of the place was for many years greatly retarded by the want of Railway facilities, to the great benefit of its neighbor and rival, Hastings, but the villagers, with an energy and go-aheadativeness that does them great credit, purchased and granted free to the Ontario and Quebec Railway Company the right of way through the village, and in a few more months the iron horse will be a familiar sight to many who never saw it before.

VILLAGE OF BOBCAYGEON.

This Village is very picturesquely situated in the Township of Verulam in the County of Victoria, and is one of the largest and most enterprising in the County. Of late years it has sprung into great prominence as a summer resort, and now every season it is literally crowded with visitors from the large American and Canadian cities, who find the air salubrious, the scenery wild and magnificent, the opportunities for camping out excellent, while the fishing is not surpassed at any place in the Dominion.

The Village was laid out in 1832 by Mr. Thos. Need, who arrived in that year, and at once seeing the great advantages the site offered built a saw and grist mill, about where the present grist mill stands. He at first resided in a small log house within a few rods of the steamboat landing, where he also kept a small general store, supplying his customers with all their modest wants. Here you could purchase almost anything from a blanket coat to a steel and flint, for this was before the day of the lucifer match.

On the opposite side of the river stood the Travellers Home, then counted a good hotel, kept by one James McConnell. This house was well kept, but when the Buckhorn dam was raised, the building was isolated, and customers had to be ferried over and back, so the building was abandoned, and the proprietor built himself a new and more pretentious house on the lot where the Rockland House now stands.

Somewhat further west Mr. Sawers (father of the late Augustus Sawers) commenced farming operations, thus being the pioneer of husbandry in the vicinity. The spot is just about where the Kelso farm now is. Mr. Sawers went into the work with his whole soul, and after clearing some fifty acres he erected a large log house, barn, stables, etc. He only remained on the place for a few years, however, probably not finding his investment paying, as well as he had expected.

About two miles up the lake, on the north side, Mr. Need cleared quite a number of acres, but he never paid any attention to his farm, and to the present day it is untenanted. In 1834 Richard Atthill moved from Harvey, where he had farmed for a year or two, and settled on the premises known as the Brandestone farm, and about the same time the late George Toker also moved from Harvey, and settled on a farm just north of that occupied by the previous pioneer; and in the year following Mr. Boyd took possession of an adjoining lot, where he remained for about eight years, when he removed to the embryo Bobcaygeon, and took Mr. Need's place when that gentleman left for England, and has remained there ever since and grown up with the town.

In 1837, the year of the rebellion, the Dunsford family arrived in Canada, and at once took up their abode on the shore of Sturgeon Lake, at that picturesque place now known as the Bee Hive. George Bick came out with the same family and settled at the same place. He remained there for eight or ten years and then settled on a farm north of Bobcaygeon.

Mr. Langton was the first Reeve that the Township of Verulam sent to the County Council. He was succeeded by Mr. Dunsford, who retained the position until he left the village. Upon his departure Mr. George Bick was appointed Acting Magistrate, and filled the position with great credit until very recently.

Of the original settlers of the Village Messrs. M. Boyd and George Bick are the only two left.

Mr. Mossom Boyd is the most extensive mill owner and manufacturer in the Village, where he has resided continuously ever since the year 1833. He first commenced business with a saw and grist mill under one roof. When the business became too large, a more commodious mill was erected, and in 1871 the present structure was finished and commenced operations. The grist mill has four run of stones, and is equipped with the very best machinery. The sawmill is one of the most extensive in the back country, and has a capacity for turning out 75,000 feet of lumber, 30,000 shingles, and a large number of lath every 12 hours. About one hundred hands are employed in the mill and yards when in operation, and at the other seasons of the year the men are always employed by the firm in other occupations.

The lumber is all towed in barges to Lindsay, where it is loaded on Midland cars, and shipped to the various leading markets, where it enjoys a reputation second to none sawn in any mill in the country. In the olden time the product was rafted to Port Perry, and thence taken to Whitby on Lake Ontario by waggons. Mr. Boyd also rafts a large quantity of square timber every season.

He owns a large tract of very valuable timber limits in the Northern Townships and in the Nipissing District, where he proposes next season to erect a large steam mill. Between 400 and 500 men are employed in the woods every year, and, as may be inferred, the output of logs and timber is very great.

At Bobcaygeon are situated some limestone quarries that have now acquired a colonial reputation. At present stone is being taken out for the bridges, etc., on the Ontario and Quebec and Midland Railways and also for the locks, etc., on the Trent Valley Canal, at Fenelon Falls and elsewhere. Competent judges pronounce these to be the best limestone quarries in the world, as stone of any size whatever can be procured with but very little difficulty.

Mr. Boyd is the manufacturer of the celebrated Bobcaygeon lime, which is rapidly coming into use whenever a first class article is required. It is shipped on cars to all part of the Dominion and neighboring Republic, in barrels made from refuse from the saw mill.

The same gentleman owns and controls the *Beaubocage* and *Victoria*, two fine steamers, the former of which plies daily between the Village and Lindsay, affording excellent accommodation for the business-men of the two places, and greatly facilitating the transport of tourists, who every summer crowd the many noted camping resorts to be found on the shores of the lakes in that vicinity. The other boat is used mainly in towing, and is kept constantly employed.

The farmers in the rear portion of this district are under great obligations to Mr. Boyd for the manner in which he is looking after their best interests in the matter of importing and breeding first-class full-blooded stock. Some three years ago he set apart an island near the Village, containing over 1,200 acres, five hundred of which are cleared, for the purposes of a stock farm. He has now sixty head of Polled Angus, Aberdeen Cattle, Short-horns and Herefords and fifty head of Oxford Down Sheep. Some of the animals have been shown at leading agricultural shows, and have always carried off the first premiums. It is the intention of Mr. Boyd to hold an auction sale of stock annually, after the custom at Bow Park and other places, and there is no doubt that, as soon as farmers recognize the importance of buying none but the best, the originator of this laudable enterprise will find himself amply remunerated for his outlay.

The Village has great hopes of becoming a place of considerable importance upon the completion of the Trent Valley Canal, and among the most ardent supporters and earliest advocates of that great waterway is Mr. Mossom Boyd. This scheme, as the great majority of our readers know, unlike most other schemes offered

to the public, offers more extended advantages, and is not of such a purely local character. The advantages of such a canal will be felt from one end of the Province to the other, and will not be confined to any particular locality.

This scheme is not by any means a new one, the Government having, as long ago as 1829, entertained the idea of constructing a canal from the Georgian Bay to the Bay of Quinte, through the back waters of the old Newcastle District. Several locks were built at that time and excavations made, but the works were finally given up about 1840, owing to a want of funds and an erroneous idea that there was not a sufficient water supply. The thing then dropped, but was revived from time to time, but never was restored to vitality, until 1874, when Mr. Boyd and a few other public-spirited gentlemen undertook to form a joint-stock company to construct the canal, if the Government would not do it. A public meeting, which was largely attended was held in the Peterborough Opera House, and a sum of \$500 was voted by the Town Council to help the promoters along. True, not very much in the way of practical work was accomplished, but the eyes of the people along the route were opened, and after an influential deputation had visited Ottawa, and Sir Charles Tupper had passed over the route of the canal, the Dominion Government made a handsome appropriation, which has since been largely supplemented, and now extensive works are in operation at Fenelon Falls and Buckhorn, and there is not the slightest doubt that within a very few years barges laden with the golden grain of the great West and Northwest will pass over the completed Trent Valley canal on their way to the seaboard for shipment to Europe, as it will be by many miles the shortest route.

When completed the canal will extend from a point on Georgian Bay to the Bay of Quinte, and thence through the Murray canal, now rapidly approaching completion, to Lake Ontario and thence to the great Ocean shipping ports. The distance is but about 230 miles, 160 miles of which is at present actually navigated by steamers, leaving but seventy miles of navigation to be finished to complete the canal from point to point.

The name of the Village, which sounds rather peculiar to outsiders or those not acquainted with the country, is derived from a French word, Beaucage meaning "Beautiful Wood."

The population at present is about 1000, the total assessed value \$152,115, and the Village comprises 500 acres.

FOREST HOUSE,

BOBCAYGEON,

E. BOTTUM, Proprietor.

Having taken the above old established and well-known Hotel, no exertion will be wanting on my part to sustain its well deserved reputation.

Summer Tourists will find this the cheapest and most attractive Hotel in the district.

Farmers will meet with every attention to their wants.

Commercial men and the Travelling Public will find Forest House a First-Class Hotel.

The fishing in Bobcaygeon is perhaps the best in the world, and boats are kept attached to the Hotel for the use of fishing parties and summer visitors.

E. BOTTUM.

No. 6. Co. (Hastings)—Captain, J A Howard; lieutenants ———
THE CAVALRY, 3rd Provisional Regiment, Prince of Wales, Canadian Dragoon-).

No. 3 Troop (Peterborough)—Colonel, H C Rogers; lieutenants, R A Morrow and W H Rackham; adjutant, H S Casey; paymaster, G. Hagerman, riding masters, Geo Beatty and C Stapleton; surgeon, Dr. Turner.

DOMINION OFFICIALS—Geo Hilliard, M P, West Riding; John Burnham, M P, East Riding; Thomas Cahill, inspector weights and measures; John J Hall, collector inland revenue; James Stratton, collector of customs; H C Rogers, postmaster; T D Belcher, superintendent Trent works.

PROVINCIAL OFFICIALS—John Carnegie, M P P, West Riding; Thos Blezard, M P P, East Riding; Robert Dennistoun, county judge; Jas A Hall, sheriff; ———registrar; Henry Grundy, deputy registrar; John Maloney, clerk County court; R W Erret, clerk Division court; J B McWilliams, wood ranger; Jas McWilliams, gaoler; H Nesbitt, turnkey; Christopher Leary, license inspector West Riding; Hugh Drain, license inspector East Riding.

PATRONS OF HUSBANDRY—This organization, known as the Grange, is the only organized body of farmers in the Dominion. It was established in Canada about ten years ago by a deputy of the National Grange of the United States, where the order originated shortly after the civil war. The Dominion is now independent of the National Grange, and is consequently the head of the order in Canada. Under its jurisdiction are provincial Granges in the several provinces, about fifty Division Granges and 800 subordinates.

The order was introduced in this county in 1876. It aims at associating farmers together for the advancement of their interest, socially and commercially. It is non-political as to party, yet one of its objects is a proportionate representation of agriculturists in the law-making assemblies of the country, although at its inception, from a misapprehension of its motives, it met with considerable opposition. As an organization it has been very successful, and numbers in Canada nearly 30,000 members. From the commencement it has been actively engaged endeavoring to advance the interest of the farmers by establishing auxiliary institutions. It has not only secured the incorporation of the order itself by Act of Dominion Parliament, but it has established and secured the incorporation of five different institutions which are now successfully operating under the auspices of the order.

In 1877 it established a fire insurance association for taking risk on farm property, introducing the principle of paying cash dividends to policy-holders and giving four years insurance instead of three.

They have established a life insurance association, which claims to give insurance at cost on the assessment plan. This association is being well received by the general public, and is becoming very popular. They have also a mammoth loaning company which is doing a very successful business. They have also a wholesale supply company established in Toronto, that distributes all kinds of merchandise to members of the order throughout the Dominion. They have just secured letters patent for the organization of a company with a capital of \$250,000 for the manufacture of salt in the Province of Ontario. This organization has become one of the prominent institutions of the county, and bids fair, in the future, to wield great influence throughout the community.

OUR CHIEF BUSINESS MEN.

The following business men whose advertisements appear in this work we can confidently recommend to the public, and feel assured that those who may transact business with all or any of them will have no cause to regret their action :

TOWN OF PETERBOROUGH.

THE METROPOLITAN GROCERY AND PROVISION COMPANY, LIMITED (Mr. T. W. Robinson, manager) is one of the largest grocery houses in the Province. The store is on Simcoe street, in the old Nicholls and Hall block and has been used for its present purpose for many years. The goods kept in stock are always fresh and of the very best quality, a sufficient guarantee of which is the great popularity that the house enjoys. The store is under the management of Mr. T. W. Robinson, than whom there is no man in town understands better the requirements of the public. A large stock of crockery, china, etc., is always kept in hand and sold at reasonable prices.

D. BELLEGHEM's furniture warerooms are now too well-known to the public of this and the surrounding counties to need any "puff" at our hands. His premises on Hunter Street are the largest used for the purpose in the Midland District, and a large addition has recently been erected in the rear, in order that he may be better able to display his wares to his hundreds of customers. He makes a specialty of fine furniture, which he not only manufactures himself, but also supplies from all the leading makers. Here you can be furnished with anything you want in the furniture line and at a close price for cash. He possesses the finest hearse in town, and is at all times prepared to furnish everything necessary for funerals.

MESSRS. T. DOLAN & Co. occupy two of the largest stores in town, in which is undoubtedly our handsomest block. One of the stores is for dry goods of all kinds, and the other is for the ordered and ready-made clothing, in which lines this firm do an enormous business. Their stocks are at all times well selected, and comprise everything usually found in such first-class establishments. Mr. Thomas Dolan, who, from his many years' experience, thoroughly understands his business, exercises a watchful eye over the trade, and at all times is fully prepared to see that the wants of his customers are fully attended to.

MESSRS. McKEE & DAVIDSON, George street, the leading house in the hardware business in Peterborough. Their stock is very large, and comprises all the leading lines in English, American and Canadian goods. They are the sole agents in town for a patent paint that is said to excel all others manufactured. Their goods are all warranted first-class, and their rapidly increasing business testifies to the manner in which they conduct their trade.

HENRY CALCUTT, of Ashburnham, conducts the only brewery in the county, and has established a large business, extending far beyond our own confines. His ale and porter are said to be superior to those manufactured at many of the large establishments, and in consequence his trade is daily increasing. Mr. Calcutt also owns the *Golden Eye* and *King Fisher*, two steamers that ply daily between Peterborough and Idyl Wild, a noted summer resort, in Rice Lake, Hastings and other places, thus affording recreation for our citizens and their families.

CHARLES BUTLER, dealer in groceries and crockery, Hunter street, is one of our leading business men. Being enterprising he is almost among the first to secure new goods, and his prices will bear comparison with others in the same business.

EGERTON HARTLEY, Hunter street, is the only dealer in town that confines himself exclusively to musical instruments and music. He keeps on hand, musical instruments of all kinds, from the leading makers, and procures any piece of music wanted.

FOOT & MCWHINNIE, shoemakers, although not many years in business as a firm, have already established a first-class reputation for ready-made and ordered work.

A. HUMPHREYS, George street, keeps constantly on hand a superior stock of cakes and confectionery, of his own manufacture. Lunches at all hours, fruit, ice cream, soda water, etc., in season.

J. H. AMES, George street, is one of the oldest established boot and shoe dealers in town, and, from the number of customers who have dealt with him year after year, it is easy to be seen that he gives the very best of satisfaction.

R. MOWRY, Ashburnham, manufacturer of agricultural implements, is one of the most extensive and successful in his line in Canada. His goods have an established reputation, and are known throughout the length and breadth of the land, as evidenced by the fact that an order from Manitoba reached him only the other day, for one of his celebrated threshing machines.

GEO. W. RUBIDGE is the only tobacconist in town, and that being the case he is better prepared than any other to supply tobaccos and smokers' supplies of all kinds. His stock is always fresh and, being personally selected, lovers of the weed can rely on being well suited.

W. H. ANTHONY, practical boot and shoe maker, George street, devotes himself more especially to ordered work, particularly fine boots and shoes for ladies. He employs none but the best of workmen, and always gives satisfaction to his customers.

H. W. WATSON, house, sign and ornamental painter, takes the lead in his business. His work is all of the highest order of merit.

R. STENSON & SON, George street, keep the oldest-established boot and shoe store in town, and also carry the largest and best assorted stock. Their goods are all of the very best quality, and any work ordered is promptly attended to.

B. SHORTLY, saddler, George street, who has been in business for many years, keeps the largest establishment of the kind in the county. His stock of goods is always complete and of the very best quality.

W. A. SANDERSON, watchmaker and jeweller, George street, at all times keeps on hand the various lines of goods usually found in such an establishment. He only deals in the best, and it will be found by purchasers that his prices are lower than those asked by the majority of the dealers. Repairing of all kinds, neatly, cheaply and expeditiously done by practical and competent workmen.

THOMAS MENZIES, bookseller, stationer, etc., conducts a general banking and broking business, and sells tickets to all parts of the world, by the best railway and steamboat lines, at the lowest rates. Mr. Menzies is known far and wide, and has been in business in Peterborough for many years.

A. D. BRODIE'S woollen mill, Dickson's Race, Peterborough, is a new establishment on an old site. The mill has been equipped throughout with new machinery from the very best makers, and at present is running night and day, and still more machinery will have to be added before the proprietor can keep up with his orders. At present there are two sets of carding machines and twenty-one three-width looms, and about 450,000 yards of flannel—nothing else being made—is turned out annually.

MR GEORGE MATTHEWS, of Peterborough and Lindsay, is among the enterprising men who have established themselves here lately. At the South

end of George Street he has built a fine large brick building for the purpose of cutting up and curing pork. His brands have now established a reputation from Sarnia to St. John, N.B., and are eagerly sought after by dealers in all the principal cities and towns. The firm makes a specialty of Cumberland and white dried bacon, white cured and smoked hams, spiced bacon, rolls, sausages, etc. A large quantity of lard in tinnets, tubs and crocks is also shipped every season. Lately extensive improvements and additions have been made, and more are in contemplation. The establishment is now one of the largest in the country, and the quality of the goods turned out so good that the sales are increasing daily.

MR. J. J. HARTLEY and Mr. JOHN CARLISLE are two of our best known builders and contractors. The work is always finished in a first-class manner and warranted to give satisfaction.

MR. JAMES STEVENSON, President of the Gas Company, always keeps on hand a supply of fixtures necessary for the proper lighting of buildings. He has the largest coal yard in town, and his sales are very large every year.

J. D. BAPTIE, proprietor of the Peterborough planing mills, is now better prepared than ever to execute all work in his line that may be intrusted to him. He has lately added new machinery, and possesses excellent facilities for turning out first-class work of all kinds.

MR. GEORGE HILLIARD, M.P., owns, at the north end of the Town, several fine mills. The saw mill is supplied with the very latest machinery, and turns out 60,000 feet of lumber every ten hours. In connection there is another smaller mill with a capacity of 35,000 singles and 25,000 lath every ten hours. The same gentleman also conducts the Blythe flour mills, which are now being remodelled by the introduction of the "new Process" machinery, which will make this one of the finest mills on the River. It has a capacity of turning out over one hundred barrels per day for shipment, in addition to doing a very large custom trade. The woollen mill is leased to Messrs. Gemmell and McKee, and does a flourishing and rapidly increasing business.

MR. HILLIARD is also the owner of some of the finest water privileges in the Dominion, and at present has power enough to drive six times as much machinery as it does now. The shipping facilities are excellent, the Midland Railway passing through his grounds. He has numerous privileges to let at low rates, and those desirous of entering into any manufacturing business should correspond with him at once.

BRIDGENORTH.

The Village of Bridgenorth, on the shore of Chemong Lake, about seven miles from Peterborough, is a great resort for picnic parties during the summer months. The facilities for boating are excellent, and the fishing unsurpassed anywhere. Tourists will always be welcomed at the Bridgenorth Hotel, by Mr. Louis Fobert, the genial proprietor, who will speedily make them feel at home. The house is in close proximity to the Lake, picnic grounds, etc.

LAKEFIELD.

R. C. STRICKLAND, the Reeve of the village, conducts a very extensive lumbering business and gives employment to a large number of persons. He owns nearly all the choice water-power in the village, and is prepared to treat on liberal terms with manufacturers.

W. H. CASEMENT, postmaster and agent of the Great North-Western Telegraph Company, also conduct a general store, one of the oldest-established and best in the village.

C. D. CRAWFORD, dealer in staple and fancy dry goods, etc., is well known as one of the chief business men of the village, and does a very large trade annually.

R. GRAHAM & SON, dry goods merchants. Mr. Graham is one of the oldest citizens, and his stock is one that is a credit to the village, surpassing many in more pretentious places. His stock is always large and well selected, and customers can always rely on getting a first-class article at a moderate price.

T. J. BIRD, druggist, dealer in fancy goods, etc., is the oldest established dealer in his line in the village. His stock is new, and nothing but the purest drugs are used. Physicians' prescriptions compounded on the shortest notice and satisfaction guaranteed.

WM. HARPER, harnessmaker, saddler, etc., has always on hand a large and complete stock of goods in his line, which he sells at city prices. A call solicited.

D. ARNOTT, tinsmith, etc., keeps everything usually found in such an establishment, a large stock of staple goods always on hand and anything required made to order on the shortest notice. Eavetroughing done in a first-class manner.

R. PURSER, at the Blakely House, is always prepared to meet tourists, travellers, etc., and furnish them with the comforts of a first-class hotel. The table is always supplied with the best the market affords, and at the bar are provided the best of wines, liquors and cigars. Call and see Dick.

BOBCAYGEON.

THE ROCKLAND HOUSE, one of the best conducted and most comfortable houses in the Province, is now open for the reception of summer tourists and the travelling public generally. This hotel is now well known throughout Canada and the neighboring States, and the large patronage it enjoys testifies to its many first-class qualities.

J. T. ROBINSON, the most extensive dealer in groceries and provisions in the village, has worked up a very large trade with the people of the surrounding country, and now carries the largest stock in the village. He is one of the most enterprising citizens, and much of the success which has attended the place is due to his efforts. He is an extensive dealer in grain, which he ships by steamer to Lindsay, and the farmers residing in the vicinity are under great obligations to him for establishing at a convenient point, such a good grain market.

J. H. THOMPSON, dealer in stationery, fancy goods, etc., is also Village Clerk and one of the best known business men in the place. He conducts a large and successful business.

THE FOREST HOUSE, Captain Bottum, proprietor, is one of the best known hotels in Central Canada. It is a great resort for tourists, who desire to spend a few weeks in the beautiful Lakes and Islands in the vicinity of the village. The genial host is well known to the travelling public, and the stages from Peterborough make good connections with the steamers for the village.

DR. McCAMUS, druggist, and dealer in all kinds of physicians' supplies, patent medicines, fancy goods, etc. Being a practical druggist the doctor is fully up in his business and looks after the wants of his customers in the best possible manner.

J. KENNEDY, contractor and proprietor of the planing mill. Mr. Kennedy is always prepared to undertake the erection of any building, large or small, that may be intrusted to him. His planing mill is furnished with the very latest style of machinery, and all kinds of work is executed in a first-class manner on the shortest notice.

W. B. REID, one of the oldest settlers and a pioneer of the village, has gradually worked up his dry goods business, from a very small affair, until he now carries the largest and best selected stock in the village. Being personally selected at the principal markets, the goods are bound to give satisfaction, especially as his prices will be found low.

E. T. HARLOW, dealer in toys, fancy goods, etc. The stock is large and purchasers can here find almost anything from a needle to an anchor. All goods cheap for cash.

YOUNG'S POINT.

J. F. KEARNEY'S Lakeview House is the principal hotel in the village, and is conducted in an admirable manner by the proprietor, who from long experience knows just exactly what the public need to make them comfortable. Situated as it is just at the entrance to Stony Lake, it is the starting-point for many who desire to camp out.

GEO. CHALMERS is one of the most enterprising men in the northern country. His lumbering operations have been extended year after year, until now he is justly regarded as one of the lumber kings. He owns a saw mill in the village, the output of which every year is large. In connection he also runs a shingle mill and a large grist mill. The *Fairy*, a boat plying between Lakefield, Young's Point and the many different points on Stony Lake, is also owned by him. Daily trips are made to and from Lakefield, in connection with the Midland Railway from Peterborough, and this is the most convenient manner to reach the camping-grounds on the back lakes.

KEENE.

THE VICTORIA HOTEL, John Gall, proprietor, is one of the most comfortable hotels to be found in any village in the county. The table is always well supplied, while nothing but the best brands of liquors and cigars are to be found in the bar.

LANG.

MR. RICHARD HOPE, a short distance from Lang on the Indian River, conducts a general milling business, including grist, saw and woolen mills. The residents of that portion of the county are very efficiently served, and their thanks are due to Mr. Hope for his enterprise in seeing that their wants are thoroughly looked after.

TOWNSHIP OF EMILY COUNTY OF VICTORIA.

POLLING SUB-DIVISION No. 1.

Comprising that portion of the Township of Emily East of the Middle Road and the Pigeon River.
